Rise and shine, I.S.201. This is William Chen of class 752 here speaking to you for today's Motivational Monday on behalf of the S.E.A.L Team.

First off, welcome back to school everyone! I hope you all enjoyed your break and had a wonderful time off. Moving forward, did you know that today is World Creativity and Innovation Day? Beginning in 2018, the goal of World Creativity and Innovation Day is to bring attention to the importance of creativity and innovation in all forms of human development and work. Creativity and innovation have always been two very vital aspects throughout history, ranging from things like an artist creating a painting all the way to the invention of the wheel or even the internet. Nonetheless, elements of creation and innovation are very important things to consider and appreciate as they help us accomplish many different things, as well as create a significant impact on our lives overall.

Thanks for listening and have a Masterpiece Monday 😊

SEAL Team pledge:

We are the Dyker S.E.A.L. Team

Positivity is our dream

We teach it every day

To help others live the optimistic way

We learn to control our emotions and feelings

So, we always have effective social dealings

No stone left unturned; no person left behind

Every member of our team has the power to be kind

We spread kindness to our friends, families, and those who need a smile

When facing hardships and adversity, the S.E.A.L. Team goes the extra mile
